

Lighthouse Commodities, LLC doing business as Lighthouse Labs (herein “the company”) provides general information for educational uses only. Nothing is not meant to be a recommendation to buy or to sell securities nor an offer to buy or sell securities. The company is not registered as a securities broker-dealer or as an investment adviser either with the U.S. Securities and Exchange Commission or with any state securities regulatory authority and do not attempt or intend to influence the purchase or sale of any security.

The company is neither licensed nor qualified to provide investment advice and as such accepts no liability whatsoever for any direct or consequential loss arising from any use of information from its subscriptions, products or services. No information from the company is intended as securities brokerage, commodity brokerage, investment, tax, accounting or legal advice, as an offer or solicitation of an offer to sell or buy, or as an endorsement, recommendation or sponsorship of any company, security, commodity or fund. The company recommends that persons desiring to trade or invest in securities or commodities do so cautiously and in consultation with their qualified financial, legal, and tax advisors.

The company cannot and does not assess, verify or guarantee the adequacy, accuracy or completeness of any information, the suitability or profitability of any particular investment or strategy, or the potential value of any investment or informational source. You bear responsibility for your own investment research and decisions and should seek the advice of a qualified securities or commodities professional before making any investment. Before selling or buying any stock or other investment you should consult with a qualified broker or other financial professional to verify pricing information.

The company reserves the right, for its officers, directors, shareholders, members, and agents as well as itself, to buy and/or sell any commodities, securities or other investments mentioned on this web site. The company is an active trader and may — but need not — buy or sell such products at any time and without notice. Buying and selling of such products may influence their market prices.

Past Performance is not indicative of future results.

There is a substantial amount of risk in trading securities and commodities, and the possibility exists that you can lose all, most or a portion of your

capital. The company does not, cannot and will not assess or guarantee the suitability or profitability of any particular investment, or the potential value of any investment or informational source. The securities and commodities mentioned on our Site may not be suitable for investors depending on their specific investment objectives and financial condition. The information provided by the company, including but not limited to its opinion and analyses, is based on financial models believed to be reliable but is not guaranteed, represented or warranted to be accurate or complete. The charts depict the results of our models and are not influenced by any other factors except the updated parameters which the models use. The models' signals should not be construed to be investment advice. The information may contain forward-looking statements about various economic trends and strategies. You are cautioned that such forward-looking statements are subject to significant business, economic and competitive uncertainties and actual results could be materially different. There are no guarantees associated with any forecast and the opinions stated here could be wrong due to false signals from the models, or the models being incorrectly structured, incorrectly updated and/or incorrectly interpreted. The signals, forecasts, the Site and company's products and services, only express our opinion of various commodities and/or securities. Our opinion will be wrong at times because of the limitations of investment analysis. Investment analysis, whether fundamental, technical or any other form of investment analysis, cannot predict the future and is not a science that predicts precise and accurate results. Your use of any information from the Site is at your own risk and without recourse against the Company, its owners, directors, officers, employees or content providers.
